About Us

Welcome to the next stage in our adventure, The Social by Red Velvet. The Social is proud to be located inside the new Ko[lab]+ building. We are still the same family-oriented salon you know and love, with a little facelift. Whether you are here for your first time, or your 50th you are always welcomed with open arms.

Each member of our team has received incredible education to become a master of their craft, and we will find you the right match when looking for “that special stylist”.

The Social is here to provide head-to-toe service and has a range of services to make you look and feel your best. For a full range of services click here or give us a call and speak to a member of our team to figure out what is best for you!
